12:00 pm Course Adjourns

General Information

Description

This program is specifically designed to serve as a review and update for the most reliable and effective current arthroscopic therapies available to treat disorders of the knee, shoulder, and hip. Recognized experts will present clear, concise, and current strategies for diagnosis and surgical patient selection. In addition, the faculty will draw on their vast experience to offer practical tips, techniques and pearls for performing successful arthroscopic and minimally-invasive surgery – tools you will be able to use the day you return to your practice.

Course Objectives

- 1) Understand the pathology, treatment options and rationale for specific minimally-invasive procedures effective in the knee, shoulder and hip.
- 2) Practice and refine the key surgical steps necessary to accomplish specific arthroscopic procedures using realistic dry lab models.
- 3) Gain insight into the subtleties of pre-operative patient selection and post-operative management during “round-table” discussions with the faculty.
- 4) Learn practical, technical pearls from live, cadaveric demonstrations by master faculty.

Accreditation

The Arthroscopy Association of North America is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

CME Credit

The Arthroscopy Association of North America designates this education activity for a maximum of 16.5 in Category 1 credits towards the AMA Physician’s Recognition Award. Each physician should claim only those credits that he or she actually spent in the activity.

Chairman’s Reception

Please join us on Thursday, January 11 at 7:00 pm at the Fairmont Chateau Whistler in the Exhibit Hall for the Chairman’s Reception. The reception cost is included in the registration fee.

Course Location

The Fairmont Chateau Whistler

Currency

Most Canadian businesses will accept U.S. Currency. International currency exchanges are available at the Vancouver International Airport, banks, and other outlets. Meeting registration fees are in U.S. dollars and registration must be paid in U.S. dollars.

Disclaimer

The methods, techniques, and procedures demonstrated and the views and opinions expressed by speakers, presenters, and faculty are their own, and do not necessarily represent those of the Arthroscopy Association of North America (AANA), or does presentation on the program represent or constitute endorsement or promotion by AANA.

AANA is not responsible for expenses incurred by an individual who is not confirmed and for whom space is not available at the meeting. Cost incurred by the registrant, such as airline or hotel fees or penalties, are the responsibility of the registrant.

Exhibits

To complement the educational sessions, a variety of technical exhibits will be on display throughout the course.

Ground Transportation to Whistler from Vancouver

Perimeter’s Whistler Express is the official shuttle between the Vancouver International Airport and Whistler. They offer the easiest way to travel for skiers, snowboarders and conference delegates who are heading up to Whistler. For more information and reservations, contact 1-877-317-7788 or www.perimeterbus.com.
